Part - BQ.1] 7 Essential Entrepreneurship Abilities:-

- ① Identify an opportunity
- ② Evaluate an idea and assess the market.
- ③ Appreciate the risks & rewards of Entrepreneurship.
- ④ Leverage experiments to validate your idea and refine business strategy.
- ⑤ Discover the key financial decisions any entrepreneur must make in the early stages of a new venture.
- ⑥ Understand the process of raising capital and how to speak with investors.
- ⑦ Learn from successful entrepreneurs & leading venture capitalists as well as peers.

→ Example:- Being an investor I would consider to invest only if an entrepreneur can evaluate & assess the market apart from identifying opportunity. He/she has to leverage to dig deeper & be capable for discovering & making financial decisions. And, apart from these the trait to be considered is the way they communicate with investors & take inspiration from everyone. All these traits and abilities make a good entrepreneur.
